## e) Type and quality of collateral

Amundi Asset Management undertakes to accept only securities of a high credit quality and to increase the value of its collateral by applying valuation discounts to securities loaned to it. This process is regularly reviewed and updated.

### i) Reuse of collateral

« The regulations governing UCIT forbid the reuse of collateral securities. Cash collateral received is:

- o reinvested in short-term money market funds (as defined by ESMA in its 'Guidelines on ETFs and other UCITS issues')
- o placed on deposit;
- o reinvested in high-quality long-term government bonds
- o reinvested in high-quality short-term government bonds
- o used for the purpose of reverse repurchase transactions.»

The maximum proportion of received collateral that may be reused is 0% in the case of securities and 100% in the case of cash.

The effective usage amounts to 0% for collateral securities and 100% for cash collateral.

### k) Custody of collateral provided by the UCI

Amundi Asset Management undertakes to do business with a limited number of depositaries, selected to ensure the adequate custody of securities received and cash.

## l) Breakdown of revenue and expenses

For securities lending transactions and repurchase agreements, Amundi Asset Management has entrusted Amundi Intermédiation, acting on behalf of the UCITS, with the following responsibilities: selecting counterparties, ordering the implementation of market agreements, monitoring counterparty risk, performing qualitative and quantitative monitoring of collateralisation (dispersion checks, ratings, liquid assets), repurchase agreements and securities lending. Income generated from these transactions is paid into the UCITS. Costs generated by these transactions are incurred by the UCITS.

## Regulatory information

### Selection procedure for brokers and counterparties

The Broker Selection Policy draws up and implements a policy which enables it to comply with the Fund's obligation under Art.314-75 (iv) while meeting the requirements set out in Art L.533-18 of the French CMF. For each class of instrument, the policy selects the organizations that will be commissioned to execute orders.

AMUNDI execution policy may be consulted on the AMUNDI website.

### Investment advice service

The Fund Manager has not prepared a "Report on Brokerage Expenses" since it has not used any investment advice services.

### Report on broking fees

A report on broking fees is available for bearers. It can be viewed at the following web address: [www.amundi.com](http://www.amundi.com).

### Eligibility for PEAs (French personal equity plans)

The management company monitors the level of holding of securities eligible for the PEA tax system on a daily basis to ensure that the portfolio is continuously invested in a manner that respects the minimum threshold required by regulation.

### Remuneration Policy

#### Remuneration policy and practices of the AIFM/Management company

The remuneration policy implemented by Amundi Asset Management is compliant with the rules in terms of remuneration specified in the Directive 2011/61/UE of the European Parliament and of the Council of June 8<sup>th</sup> 2011 on Alternative Investment Fund Managers (the "AIFM Directive"), and in the Directive 2014/91/UE of July 23<sup>rd</sup> 2014 on undertakings for collective investment in transferable securities (the "UCITS V Directive"). These rules, about remuneration policies and practices, have for objective to promote sound and effective risk management of fund managers and the funds they manage.

Moreover, the remuneration policy is compliant with Regulation (EU) 2019/2088 ("SFDR"), integrating sustainability risk and ESG criteria in Amundi control framework, with responsibilities spread between the first level of controls performed by the Investment teams and second level of controls performed by the Risk teams, that can verify the compliance with ESG objectives and constraints of a fund at all time.

This policy is incorporated within the framework of the remuneration policy of Amundi reviewed each year by its Remuneration Committee. The latter checked the application of the remuneration policy in relation to the 2022 fiscal year, its compliance with the AIFM/UCITS Directives' principles and approved the policy applicable for the 2023 exercise at its meeting held on January 30<sup>th</sup> 2023.

In 2023, the implementation of the Amundi remuneration policy was subject to an internal, central and independent audit, driven by the Amundi Internal Audit.

#### **1.1 Amounts of remuneration paid by the Management companies to its employees**

During fiscal year 2023, the total amount of compensation paid by Amundi Asset Management (including fixed, deferred and non-deferred variable compensation) to its employees (1 923 beneficiaries<sup>(1)</sup>) is EUR 207 362 471. This amount is split as follows:

# UCIT AMUNDI ETF MSCI France UCITS ETF

- Total amount of fixed remuneration paid by Amundi Asset Management in 2023: EUR 145 346 571, which represents 70% of the total amount of compensation paid by Amundi Asset Management to its staff, were in the form of fixed remuneration.
- Total amount of variable compensation deferred and non-deferred paid by Amundi Asset Management in 2023: EUR 62 015 900, which represents 30% of the total amount of compensation paid by Amundi Asset Management to its staff, were in this form. The entire staff is eligible for variable compensation.

(1) Number of permanent and fixed-term employees paid during the year.

Additionally, some 'carried interest' was paid with respect to fiscal year 2023, and is taken into account in the total amount of bonus referred to here above.

Of the total amount of remuneration paid during the fiscal year (fixed and variable compensation deferred and non-deferred), EUR 21 370 354 were paid to the 'executives and senior managers' of Amundi Asset Management (44 beneficiaries), and EUR 15 185 244 were paid to the 'senior investment managers' whose professional activities have a material impact on Amundi Asset Management's risk profile (56 beneficiaries).

## **1.2 Alignment of remuneration policy and practices with risk profile of the AIFs/UCITS**

The Amundi Group has adopted and implemented remuneration policy and practices compliant with the latest norms, rules, and guidelines issued from the regulatory authorities for its management companies (AIFM/UCITS).

The Amundi Group has also identified all of its 'Identified Staff', that include all the employees of the Amundi Group having a decision authority on the UCITS/AIFM management companies or the UCITS/AIFs managed and consequently likely to have a significant impact on the performance or the risk profile.

The variable remuneration awarded to the Amundi Group staff takes into account the performance of the employee, its business unit and the Amundi Group as a whole, and is based on quantitative and qualitative criteria as well as the respect of sound risk management rules.

The criteria taken into account for performance assessment and remuneration award depends on the nature of the employee's functions :

### 1. Management and selection of AIFs/UCITS functions

#### *Quantitative criteria:*

- IR/Sharpe over 1, 3, 5 years
- Gross/absolute/relative performance of the investment strategies (based on GIPS composites) over 1, 3, 5 years, outlook mainly focused on 1 year, adjusted with long-term figures (3,5 years)
- Performance risk adjusted based on IR/Sharpe over 1, 3, 5 years
- Competitive positioning through Morningstar rankings
- Net inflows / Successful requests for proposals, mandates
- Performance fees generation
- ESG rating of the funds according to different providers when applicable (Morningstar, CDP...)
- Respect of ESG beat the benchmark, ESG exclusion policies and climate transition index.

#### *Qualitative criteria:*

- Compliance with risk policy, compliance and legal rules
- Quality of management
- Innovation/product development
- Collaboration/Sharing of best practices
- Commercial engagement – including the ESG component of commercial effort and flows
- ESG
  - Compliance with ESG policy and participation to the ESG and net-zero offering
  - Integration of ESG into investment processes
  - Capacity to promote and project ESG knowledge internally and externally
  - Extent of proposition and innovation in the ESG space
  - Demonstrates capacity to manage well the combination of risk return and ESG (the risk and ESG adjusted return).

# UCIT AMUNDI ETF MSCI France UCITS ETF

## 2. Sales and marketing functions

### *Quantitative criteria:*

- Net inflows, notably on ESG and impact denominated products
- Revenues
- Gross Inflows
- Client base development and retention; product mix
- Number of commercial activities per year, notably prospection activities
- Number of clients approached on their net-zero strategy.

### *Qualitative criteria:*

- Compliance with risk policy, compliance and legal rules
- Joint consideration of Amundi's interests and of client's interests
- Securing/developing the business
- Client satisfaction
- Quality of management
- Cross-functional approach and sharing of best practices
- Entrepreneurial spirit
- Capacity to explain and promote ESG policies and capabilities as well as solutions of the firm.

## 3. Control and support functions

For control and support functions, performance assessment and remuneration award are independent from the performance of the business they oversee.

Common criteria taken into account are:

- Mainly criteria related to the meeting of objectives linked to their functions (risk management, quality of controls, completion of projects, tools and systems improvement etc.)
- When financial criteria are used, these are mainly related to management/ optimization of expenses.

The above-mentioned performance criteria, and specifically those applicable to Identified staff in charge of the management of AIFs/UCITS, comply with the applicable regulation as well as to the AIF's/UCITS investment policy. These internal rules of Amundi Group contribute to a sound and effective risk management.

Furthermore, Amundi Group has adopted and implemented, for its entire staff, measures aiming to align remuneration with long-term performance and risks in order to avoid conflicts of interest.

In this respect, notably:

- The deferral policy has been adapted to comply with the AIFM and UCITS V Directives' requirements.
- The deferred portion of variable compensation for identified staff members is awarded at 100% in instruments indexed on the performance of a representative basket of AIFs and/or UCITS funds.
- The actual payment of the deferred portion is linked to the financial situation of Amundi Group, to the continued employment within the group and to a sound and effective risk management over the vesting period.

## **Fund Compliance with criteria relating to environmental, social, and governance quality (ESG) objectives**

- Amundi produces an ESG analysis that generates an ESG rating for over 19,000 companies worldwide<sup>1</sup> on a scale ranging from "A" (for issuers with the best ESG practices) to "G" (for the worst ESG practices). The ESG score obtained measures an issuer's ESG performance: ability to anticipate and manage sustainability risks along with the potential negative impact of its activities on sustainability factors. This analysis is complemented by a policy of active commitment among issuers, in particular on major challenges regarding sustainable development within their sectors.

- As part of its fiduciary responsibility, Amundi has set minimum standards and exclusion policies for critical sustainability issues<sup>2</sup>. The Minimum Standards and Exclusion Policy apply to actively-managed portfolios and passive ESG portfolios, and are always in compliance with applicable laws and regulations.

For passive management, the exclusion policy is applied differently between ESG and non-ESG products<sup>3</sup>:

- For passive ESG funds: All ESG ETFs and ESG index funds apply Amundi's Minimum Standards and Exclusion Policy
- For passive non-ESG funds: The fiduciary duty consists in replicating an index as faithfully as possible. Limited flexibility is thus afforded to the portfolio manager, who is required to comply with the contractual objectives such that the passive management is entirely in line with the requested benchmark index. Since Amundi's index funds/ETFs replicate standard (non-ESG) benchmarks, they do not apply systematic exclusions beyond those imposed by the regulations.

**Normative exclusions** related to international conventions:

- **anti-personnel mines and cluster munitions**<sup>4</sup>,
- **chemical and biological weapons**<sup>5</sup>,
- **depleted uranium weapons**,
- **violation of the principles of the United Nations Global Compact**<sup>6</sup>.

Sectoral exclusions:

- **nuclear weapons**,
- **thermal coal**<sup>7</sup>,
- **unconventional hydrocarbons (exploration and production representing more than 30% of turnover)**<sup>8</sup>,
- **tobacco** (*whole tobacco products generating more than 5% of a company's turnover*).

Concerning the sectoral exclusion policies:

- ***Thermal coal***

Since 2016, Amundi has implemented a special sectoral policy leading to the exclusion of certain companies and issuers. Amundi has strengthened its coal exclusion policy (rules and thresholds) every year since 2016, as its phase-out (between 2030 and 2040) is essential to achieve the decarbonisation of our economies. These commitments stem from the Crédit Agricole Group's climate strategy.

Amundi excludes:

- Mining, utilities, and transport infrastructure companies that develop thermal coal projects, have an authorisation and are in the construction phase,
  - Companies that generate more than 20% of their income from thermal coal mining;
- Companies that extract 70 million tonnes or more of thermal coal annually with no intention of reducing these quantities.
- All companies that generate more than 50% of their turnover from the extraction of thermal coal and the production of electricity from thermal coal,
  - All companies that generate between 20% and 50% of their turnover from thermal coal-based electricity generation and thermal coal extraction, and have an insufficient transition track<sup>9</sup>.

<sup>6</sup> Issuers that seriously and repeatedly violate one or more of the ten principles of the United Nations Global Compact without taking credible corrective action

<sup>7</sup> Developers, mining, companies deemed too exposed to be able to exit from thermal coal at the expected pace

<sup>8</sup> Oil sands, shale oil, shale gas

# UCIT AMUNDI ETF MSCI France UCITS ETF

- Unconventional hydrocarbons

Investing in companies that are highly exposed to fossil fuels entails increasing social, environmental, and economic risks. Unconventional oil and gas exploration and production are exposed to acute climatic risks. Amundi practices discretionary management in this area and its policy is applicable to all active management strategies and all passive ESG strategies.

Amundi excludes:

- Companies whose activity related to the exploration and production of unconventional hydrocarbons represents more than 30% of turnover.

- Tobacco

Amundi penalises issuers exposed to the tobacco value chain by limiting their ESG rating, and has implemented an exclusion policy for cigarette-producing companies. This policy affects the entire tobacco sector, including suppliers, cigarette manufacturers, and retailers. It is applicable to all active management strategies and all passive ESG strategies on which Amundi practices discretionary management.

Amundi excludes:

- Companies that manufacture whole tobacco products (threshold: turnover greater than 5%), including cigarette manufacturers, as no product can be considered free from child labour.

In addition, the ESG rating of the tobacco sector is capped at E (on a scale from A to G). This policy applies to companies involved in tobacco manufacturing, supply, and distribution activities (threshold: turnover greater than 10%).

- Nuclear weapons

Amundi restricts investments in companies exposed to nuclear weapons and in particular those involved in the production of key components or components dedicated to nuclear weapons.

Amundi excludes:

- Issuers involved in the production, sale, and stockpiling of nuclear weapons from States that have not ratified the Treaty on the Non-Proliferation of Nuclear Weapons, or from States that have ratified it but are not members of NATO,
- Issuers involved in the production of nuclear warheads and/or entire nuclear missiles, or components that have been significantly developed and/or modified for exclusive use in nuclear weapons,
- Issuers that generate more than 5% of their turnover from the production or sale of nuclear weapons (excluding dual-use components and launch platforms).

For more information on how environmental issues (in particular those related to climate change) and corporate and governance (ESG) issues are taken into account in its investment policy, Amundi provides investors with the “Application of Article 29” report available on <https://legroupe.amundi.com> (Legal Documentation section).

75015 PARIS

**Opinion**

In compliance with the assignment entrusted to us by the management company, we conducted an audit of the accompanying financial statements of AMUNDI ETF MSCI FRANCE UCITS ETF a UCITS constituted as a *fonds commun de placement*, for the year ended 28 March 2024.

In our opinion, the financial statements give a true and fair view of the assets and liabilities and of the financial position of the fund at 28 March 2024 and of the results of its operations for the year then ended, in accordance with French accounting principles.

**Basis of our opinion**

***Audit standards***

We conducted our audit in accordance with professional standards applicable in France. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion. Our responsibilities under these standards are described in the section "*Statutory Auditor's responsibilities for the audit of the financial statements*" in this report.

***Independence***

We conducted our audit engagement in compliance with independence requirements of the French Commercial Code (*code de commerce*) and the French Code of Ethics (*code de déontologie*) for statutory auditors, from 30/03/2023 and up to the date of this report, and in particular we did not provide any prohibited non-audit services referred to in Article 5(1) of Regulation (EU) No. 537/2014.

**Justification of our assessments - Key audit matters**

In accordance with the requirements of articles L.823-9 and R.823-7 of the French Commercial Code relating to the justification of our assessments, we bring to your attention the key matters as regards to the risk of material misstatement that, in our professional judgement, were the most significant for the audit of the financial statements, as well as how we addressed those risks.

These assessments were made as part of our audit of the financial statements, taken as a whole, and therefore contributed to the opinion we formed which is expressed above. We do not provide an opinion on individual items in the financial statements.

<b>Key audit matters</b>	<b>Audit response to cover these risks</b>
<p>The main risks of the fund relate to the financial instruments in its portfolio.</p> <p>Any error in recording or valuing these financial instruments could lead to a misstatement in the calculation of the fund's net asset value and in the financial statements.</p> <p>We therefore focused our work on the existence and valuation of the financial instruments in the portfolio.</p> <p><b>Valuation of financial instruments traded on a regulated or equivalent market</b></p> <p>Valuation of the fund's financial instruments traded on a regulated or equivalent market is not complex as it is based primarily on listed prices provided by independent sources.</p> <p>However, the related amounts are significant and could lead to a material misstatement.</p> <p>The value of the financial instruments traded on a regulated or equivalent market is recorded in the balance sheet and presented in the detailed portfolio provided in the notes to the financial statements. The valuation rules for these financial instruments are disclosed in the "Significant accounting policies" note to the financial statements.</p>	<p>We compared the year-end valuation of the fund's financial instruments traded on a regulated or equivalent market with observable prices obtained from market databases.</p>
<b>Key audit matters</b>	<b>Audit response to cover these risks</b>
<p><b>Valuation of financial contracts traded over the counter</b></p> <p>As part of its investment strategy, the fund uses over-the-counter swaps. <p>equivalent market. The valuation of over-the-counter swaps is therefore a key audit matter.</p> <p>The value of the swap is recorded under the line item "financial contracts" in the balance sheet and presented in the detailed portfolio provided in the notes to the financial statements. The commitment related to the swap is presented in the off-balance sheet statement. The valuation rules for these financial instruments are disclosed in the "Significant accounting policies" note to the financial statements.</p>	<p>We gained an understanding of the internal control procedure performed by the management company over swaps valuation. We verified that this procedure had been applied at year-end.</p>
<p><b>Existence of financial instruments</b></p> <p>The portfolio's financial instruments are held in custody or maintained by the fund's depository. The depository certifies the existence of financial instruments at year-end.</p> <p>There is nonetheless a risk that these financial instruments could be inaccurately or only partially recorded in the fund's accounting.</p> <p>The existence of these financial instruments is a key audit matter as the related amounts are material and could lead to a material misstatement.</p>	<p>We verified the existence of the portfolio's financial instruments by reviewing the fund's reconciliation between the fund's financial instruments held at year-end and these identified by the depository in an account opened in the fund's name. Any material differences were examined, if applicable using trade tickets or contracts.</p>

### Specific verifications

We have also performed, in accordance with professional standards applicable in France, the specific verifications required by laws and regulations.

We have no matters to report as to the fair presentation and the consistency with the financial statements of the information given in the management report prepared by the management company.

### **Disclosures arising from other legal and regulatory requirements**

#### ***Appointment of the Statutory Auditors***

We were appointed as Statutory Auditor of AMUNDI ETF MSCI FRANCE UCITS ETF a UCITS constituted as a *fonds commun de placement*, by the management company on 28 July 2008.

At 28 March 2024, our firm was in the fourteenth consecutive year of its engagement, i.e. the fourteenth year following the admission of the fund's securities for trading on a regulated market.

#### **Responsibilities of the management company for the financial statements**

It is the management company's responsibility to prepare the fund's financial statements presenting a true and fair view in accordance with French accounting principles and to implement the internal control that it deems appropriate for the preparation of financial statements that do not contain material misstatements, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the fund's ability to continue as a going concern, disclosing in the financial statements, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the fund or to cease operations.

It is the management company's responsibility to monitor the preparation of financial information and oversee the efficiency of the internal control and risk management system and the internal audit system relating to the preparation and processing of financial and accounting information.

These financial statements have been prepared by the management company.

#### **Statutory Auditor's responsibilities for the audit of the financial statements**

##### ***Audit purpose and approach***

It is our responsibility to prepare a report on the financial statements. Our objective is to obtain reasonable assurance about whether the financial statements, taken as a whole, are free of material misstatement. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with professional standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As indicated in article L.823-10-1 of the French Commercial Code, our statutory audit of the financial statements is not to guarantee the viability or the quality of your management.

**AMUNDI ETF MSCI FRANCE UCITS ETF**

As part of an audit conducted in accordance with professional standards applicable in France, the Statutory Auditor uses professional judgement throughout the entire audit.

He also:

- identifies and assesses the risks of material misstatement of the financial statements, whether due to fraud or error, designs and performs audit procedures responsive to those risks, and obtains audit evidence that is sufficient and appropriate to provide a basis for his opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtains an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control;
- evaluates the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management in the financial statements;
- concludes on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the fund's ability to continue as a going concern. Such conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are not provided or inadequate, to issue a qualified opinion or a disclaimer of opinion;
- evaluates the overall presentation of the financial statements and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

## Notes to the annual accounts

## 1. Accounting rules and methods

The annual financial statements are presented in the format laid down by ANC (French accounting standards authority) Regulation 2014-01, as amended.

The following general accounting principles apply:

- the financial statements shall provide a true and fair view of the current financial position, they shall allow comparability, and observe the going concern principle,
- they shall be produced with consistency and honesty,
- they shall observe the principle of prudence, and
- there shall be consistency in accounting methods from one year to the next.

The accounting method used to record income from fixed income securities is the effective interest method.

Purchases and sales of securities are recognised excluding fees.

The portfolio's accounting currency is the euro.

The length of the financial year is 12 months.

### **Asset valuation rules**

Financial instruments are recognised using the historical cost method and recorded on the balance sheet at their present value, which is determined by taking the last known market value or, where no market exists, by any external means or using financial models.

Differences between the present values used to calculate net asset value and the historical cost of securities at the time they are added to the portfolio are recorded under "valuation differentials".

Any securities not denominated in the portfolio's accounting currency are measured in accordance with the principle described below, then translated into the portfolio's accounting currency at the exchange rate prevailing at the valuation date.

### ***Deposits:***

Deposits with a remaining term of three months or less are measured using the straight-line method.

### ***Equities, bonds and other securities traded on a regulated or similar market:***

To determine net asset value, equities and other securities traded on a regulated or similar market are measured on the basis of the last closing price.

Bonds and similar securities are valued at the closing price communicated by various financial service providers. Accrued interest on bonds and related securities is calculated up to and including the NAV date.

### ***Equities, bonds and other securities not traded on a regulated or similar market:***

Securities not traded in a regulated market are valued by the Fund Manager using methods based on net equity and yield, taking into account the prices retained in significant recent transactions.

### ***Negotiable debt securities:***

Negotiable debt securities and similar securities not subject to material transactions are assessed using an actuarial method, based on a benchmark interest rate as defined below, and adjusted upward when necessary to take account of the intrinsic features of the issuer:

- Negotiable Debt Securities with a maturity of up to 1 year: Interbank rate in euros (Euribor);
- Negotiable Debt Securities with a maturity of more than 1 year: The rate on coupon-bearing French government bonds (BTAN) and French OAT bonds with a similar maturity for longer periods.

# UCIT AMUNDI ETF MSCI France UCITS ETF

Negotiable Debt Securities with a residual maturity of up to three months may be assessed using the straight-line method.

Treasury bills are valued at the market rate communicated daily by Banque de France or Treasury bond specialists.

## **Mutual funds:**

Fund units or shares are valued at their last known net asset value.

## **Securities financing transactions:**

Securities received under repurchase agreements are recorded as assets under "Receivables on securities received under a repurchase agreement" at the contract amount plus any accrued interest receivable.

Securities sold under repurchase agreements are booked to the buyer's portfolio at their current value. Liabilities on securities sold under repurchase agreements are booked to the seller's portfolio at the value specified in the contract, plus accrued interest payable.

Loaned securities are valued at their current value and recorded on the asset side of the balance sheet under the heading "Receivables representing loaned securities" at current value plus accrued interest receivable.

Borrowed securities are booked to assets under "Borrowed securities" at the amount provided for in the agreement, and to liabilities under "Payables representing borrowed securities" at the amount provided for in the agreement, plus accrued interest payable.

## **Forward financial instruments :**

### **Forward financial instruments traded on a regulated or similar market:**

Forward financial instruments traded on regulated markets are measured at the clearing price for the day.

### **Forward financial instruments not traded on a regulated or similar market:**

## **Swaps:**

Interest rate and/or currency swaps are marked to market based on the price determined by discounting future cash flows at market interest rates and/or exchange rates. This price is adjusted for issuer risk.

Index swaps are valued at their market value fair value on the basis of the index fixing as mentioned in the fund prospectus. Prices are provided by the counterparty under the control of the management company.

The portfolio performance swap is valued using the prices calculated by the counterparty and validated by the management company using mathematical models.

Other swaps are marked to market or measured at a value estimated according to the terms established by the asset manager.

## **Off-balance sheet commitments:**

Forward contracts are marked to market as off-balance sheet liabilities at the price used in the portfolio.

Options are converted into their underlying equivalent.

Swap commitments are reported at their par value or, where no par value is available, at an equivalent amount.

## **Management fees**

Management and operating fees cover all of the fees relating to the Fund: financial management,

# UCIT AMUNDI ETF MSCI France UCITS ETF

administrative, accounting, custody, distribution, and auditing fees. These fees are charged to the Fund's income statement.

Management fees do not include transaction fees. For more details about the fees charged to the Fund, please refer to the prospectus.

They are recorded on a pro rata basis each time the NAV is calculated.

The total amount of these fees complies with the maximum fee rate based on net assets, as indicated in the

Fund Rules:

FR0010655704 - AMUNDI ETF MSCI FRANCE UCITS ETF : Maximum fee rate 0.25% incl. tax.

## **Allocation of distributable amounts**

### ***Definition of distributable sums***

Distributable sums consist of:

### ***Income:***

Net income is equal to the amount of interest, arrears, premiums and bonuses, dividends, directors' attendance fees and all other income from the securities comprising the portfolio, plus income from temporary cash holdings, minus management fees and borrowing costs.

To it is added retained earnings, plus or minus the balance of the income adjustment account.

### ***Capital gains and losses:***

Realised capital gains, net of costs, less realised capital losses, net of costs, recorded during the financial year, plus net capital gains of the same nature recorded in previous financial years that were not distributed or capitalised, plus or minus the balance of the capital gains adjustment account.

### ***Methods for allocating distributable amounts:***

The AMF ("Autorité des Marchés Financiers") is responsible for supervising Amundi Asset Management in relation to this Key Information Document.

Amundi Asset Management is authorised in France under number GP-04000036 and regulated by the AMF.

Key Information Document production date: 26/01/2024.

## What is this product?

**Type:** Units of Amundi ETF MSCI France UCITS ETF, a UCITS (Undertaking for Collective Investment in Transferable Securities), established in the form of an FCP.

**Term:** The Fund has an unlimited duration. The Management Company may dissolve the Fund by means of liquidation or merger with another fund in accordance with legal requirements.

**AMF classification:** Eurozone country equities

**Objectives:** AMF (Autorité des Marchés Financiers) classification: Eurozone country equities.

By subscribing to AMUNDI ETF MSCI FRANCE UCITS ETF, you are investing in a passively managed UCITS whose objective is to replicate as closely as possible the performance of the MSCI France index (the "Index") regardless of whether it experiences a positive or negative development. The maximum tracking error objective between the growth of the net asset value of the Fund and that of the Index is 2%.

The Index, net dividends reinvested (the net tax dividends paid by the equities composing the index are included in the calculation of the index), denominated in euro, is calculated and published by the index provider MSCI.

The equities comprising the MSCI France index are derived from the universe of the most significant securities on the French market.

Further information regarding the composition of the Index and its operating rules is available in the prospectus and at [msci.com](http://msci.com).

The index is available at Reuters (.dMIFR00000NEU) and Bloomberg (MSDEFNRN).

In order to replicate the Index, the UCITS exchanges the performance of the assets held by the Fund for that of the Index by entering into futures contracts or total return swaps (a forward financial instrument, "TRS") (synthetic replication of the Index).

You will have a permanent investment, via the Basket, of at least 75% in securities eligible for the French Equity Savings Plan (PEA, savings plan reserved for French investors).

The Fund's net profit as well as its net realised capital gains are reinvested or redistributed at the discretion of the Management Company.

You may resell your units during the trading hours of the various stock exchanges, provided that the Market Makers can maintain market liquidity.

Recommendation: This fund may not be suitable for investors who plan to withdraw their contribution within five years.

**Intended retail investors:** This product is intended for investors with a basic knowledge and no or limited experience of investing in funds, who are seeking to increase the value of their investment over the recommended holding period and who are able to bear a loss of up to the full amount invested.

The product is not open to residents of the United States of America/"U.S. Person" (the definition of "U.S. Person" is available on the Management Company's website [www.amundi.fr](http://www.amundi.fr) and/or in the prospectus).

**Redemption and transaction:** The Fund's units are listed and traded on one or more stock exchanges. Under normal circumstances, you can trade units during trading hours. Only authorised participants (e.g. selected financial institutions) can trade units directly with the Fund on the primary market. Further details are provided in the Fund's prospectus.

**Distribution policy:** In accordance with the prospectus, net income and capital gains from sales may be capitalised or distributed at the discretion of the Management Company.

**More information:** Further information regarding this Fund, including the prospectus and financial reports, is available free of charge on request from:

Amundi Asset Management - 91-93 boulevard Pasteur, 75015 Paris, France.

The Net Asset Value of the Fund is available on [www.amundi.fr](http://www.amundi.fr).

**Depository:** CACEIS Bank.

## What are the risks and what could I get in return?

### RISK INDICATOR

The risk indicator assumes you keep the product for five years.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movement in the markets or because we are not able to pay you.

We have classified this product as 5 out of 7, which is a medium-high risk class. This rates the potential losses from future performance at a medium-high level, and poor market conditions will likely impact our capacity to pay you.

Additional risks: Market liquidity risk could amplify the variation of product performances.

The use of complex products such as derivatives can lead to increased movement of securities in your portfolio.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Beside the risks included in the risk indicator, other risks may affect the Fund's performance. Please refer to the Amundi ETF MSCI France UCITS ETF prospectus.

### PERFORMANCE SCENARIOS

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the Fund over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

**What you get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.**

Recommended holding period: 5 years Investment EUR 10,000			
Scenarios		If you exit after	
		1 year	5 years
Minimum	There is no minimum guaranteed return. You could lose some or all of your investment.		
Stress Scenario	<b>What you might get back after costs</b>	€1,420	€1,410

Favourable Scenario	<b>What you might get back after costs</b>	€13,980	€16,390
	Average return each year	39.8%	10.4%

The figures shown include all the costs of the product itself, but may or may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

Unfavourable Scenario: This type of scenario occurred for an investment made between 31/03/2015 and 31/03/2020.

Moderate scenario: This type of scenario occurred for an investment made between 31/03/2017 and 31/03/2022.

Favourable scenario: This type of scenario occurred for an investment made between 30/06/2016 and 30/06/2021.

### What happens if Amundi Asset Management is unable to pay out?

The product is a co-ownership of financial instruments and deposits separate from the Management Company. In the event of default by the Management Company, the assets of the product held by the depository will not be affected. In the event of default by the depository, the risk of financial loss to the product is mitigated due to the legal segregation of the depository's assets from those of the product.

### What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, and how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- in the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- EUR 10,000 is invested.

## COSTS OVER TIME

\* Secondary market: as the Fund is an ETF, investors who are not Authorised Participants will ordinarily only be able to buy or sell its shares on the secondary market. As a result, investors will pay brokerage charges and/or transaction charges on their transactions on the stock market. These brokerage charges and/or transaction charges are neither charged nor payable by the Fund or the Management Company, but by the investor's own intermediary. Furthermore, investors may also incur bid-ask spreads, i.e. the difference between the price a share may be sold at (ask price) and the price it may be bought at (bid price).

Primary market: Authorised Participants who trade directly with the Fund will pay the transaction costs applicable to its primary market.

## How long should I hold it and can I take money out early?

**Recommended holding period:** five years. It is based on our assessment of the risk and reward characteristics and costs of the Fund.

This product is designed for long-term investment; you should be prepared to stay invested for at least 5 years. You can redeem your investment at any time, or hold the investment longer.

**Order schedule:** Redemption orders must be received before 17:00 (Paris time) on the net asset value calculation date. Please refer to the Amundi ETF MSCI France UCITS ETF prospectus for more information about redemptions.

## How can I complain?

If you have any complaints, you may:

- Mail Amundi Asset Management at 91-93 boulevard Pasteur, 75015 Paris, France
- E-mail to [complaints@amundi.com](mailto:complaints@amundi.com)

In the case of a complaint you must clearly indicate your contact details (name, address, phone number or email address) and provide a brief explanation of your complaint. More information is available on our website [www.amundi.fr](http://www.amundi.fr).

If you have a complaint about the person that advised you about this product, or who sold it to you, they will tell you where to complain.

## Other relevant information

You may find the prospectus, statutes, key investor documents, notices to investors, financial reports, and further information documents relating to the Fund including various published policies of the Fund on our website [www.amundi.fr](http://www.amundi.fr). You may also request a copy of such documents at the registered office of the Management Company.

For more information about the Fund's listing and the market maker institution, please refer to the Fund's prospectus, in the "Conditions for buying and selling on the secondary market" and "Market maker financial institutions" sections. The indicative net asset value is published in real time by the stock market operator during trading hours.

When this product is used as a unit-linked vehicle in a life insurance or capitalisation contract, additional information about this contract, such as the costs of the contract, which are not included in the costs mentioned in this document, the contact details for complaints and the procedures in the event of default of the insurance company are provided in the key information document of the contract, which must be provided to you by your insurer or broker or any other insurance intermediary in compliance with their legal obligation.
